■ About Company

Founded by Late Mr. Nalinbhai Somaiya in 1978, Somaiya Chemical Industries began as a coal trading company and has grown into a leading supplier in Gujarat, specializing in bio coal manufacturing.

The company produces environmentally friendly fuel alternatives from biomass sources, transforming agricultural residues and wood waste into high-energy briquettes for industrial and domestic use.

Committed to quality, innovation, and sustainability, Somaiya Chemical Industries leverages cutting-edge technology to meet international standards, promoting renewable energy solutions globally.

Who We Are?

We are a diversified industrial company with expertise in coal supply and biocoal production. Our operations also include the provision of building materials such as clinker, gypsum, and cement.

In addition, we are deeply involved in the global agri-commodity trade, managing a dynamic import-export business that connects markets worldwide.

Our dedication to quality, sustainability, and customer satisfaction makes us a trusted partner. We combine our industry knowledge and resources to deliver innovative solutions and drive growth.

Our commitment extends to ethical practices and community impact, supporting sustainable development across all sectors we engage with.

Looking ahead, we aim to continually enhance our services and expand our global presence, creating lasting value for our stakeholders.

■ Experience

With a rich legacy spanning over 47 years, our company has been a veteran player in the coal trading industry since 1979. Our extensive experience enables us to navigate market complexities with ease and provide unparalleled service.

In 2022, we expanded into biocoal manufacturing, leveraging our decades-long knowledge to produce high-quality biocoal solutions. Our strong relationships with clients, suppliers, and partners continue to drive our commitment to excellence and industry innovation.

■ Our Belief

At Somaiya Chemicals Industries, we believe in fueling a sustainable future. Since 1979, we have been trusted coal suppliers and biocoal manufacturers, committed to delivering high-quality, eco-friendly products. Rooted in integrity, innovation, and customer satisfaction, we continually improve our processes and build lasting relationships. Through our dedication to excellence and sustainability, we aim to ignite a brighter future for generations to come.
